Whole House Energy Efficiency Solutions from Aran Energy Services

REPLACEMENT BOILER – LOWESTOFT, SUFFOLK

Problem

Mr and Mrs Rodriguez' heating system was condemned after leaking radiators, clogged pipework and a soot filled boiler were found, leaving them without heating or hot water.

Solution

Mr and Mrs Rodriguez had received a free Green Deal Assessment from Aran Services, funded by Suffolk County Council and DECC through the Green Deal Pioneer Places Scheme. They contacted Aran Services who arranged all the funding to pay for the boiler from various sources including: an Energy Supplier, Warm Homes Healthy People, Age UK 'Surviving Winter Grant', UK Power Networks, and the Suffolk Community Foundation.

BEFORE: A clamp to stop the radiator from leaking!

AFTER: Brand new radiators including, new pipework and thermostatic radiator vales.

ASSESSMENT FUNDED BY:

PROJECT PARTNERS:

"The new boiler is great. We love having a warm home at long last. The bedroom was damp before, but with the new boiler from Aran Services we can now think about decorating – it wasn't worth it before!"

"Lee, Aran Services' Heating Manager, talked us through everything and gave us the confidence to go ahead with the work. Since the new boiler was installed, we now feel warmer, happier and healthier."

"The installers were tidy and didn't stop until the job was done!"

Units 1-6, The Old Station, Higham, Bury St. Edmunds, Suffolk, IP28 6NE
